 Founder,  
 SGRR Education Mission

Darbar Shri Guru Ram Rai Ji Maharaj

Shri Guru Ram Rai Darbar Sahib is a 344 years old Social, Religious and Philanthropic Organization established by Shri Guru Ram Rai ji, the eldest son of the seventh Guru of the Sikh, Shri Har Rai ji. It dates back to 1676AD.

The city of Dehradun was christened so, when Shri Guru Ram Rai Ji put up his "Dera" (Settlement) in Doon Valley. Then "King of Tehri" gifted the town of Dehradun (in its original splendour, it was of 6 villages) to the Guru. The rich heritage and golden history is quite evident in the architectural splendour of the Shri Darbar Sahib. Large number of devotees from the country and abroad come to pay their respect and obeisance.

The Jhanda fair, the largest fair of Northern India is celebrated to commemorate the birth anniversary of Shri Guru Ram Rai ji Maharaj. At present Shri Mahant Devendra Dass Ji is the tenth Shri Mahant in the sacred tradition of Shri Darbar Sahib.

## History Speaks

### Shri Guru Ram Rai Education Mission

Shri Darbar Sahib has been involved in social and educational activities right from its inception. In 1952, Shri Guru Ram Rai Education Mission was established by Brahmlaan Shri Mahant Indires Charan Dass Ji Maharaj to impart quality education to all sections of the society, at a nominal cost. The mission is committed to work for the upliftment of socially and economically deprived masses of society. The organization is fully devoted to societal and humanitarian activities.

SGRR Education Mission has been providing quality education and health care to lakhs of people in North India. It has 125 schools and well-equipped 1500 bedded Multi Super Speciality Shri Mahant Indires Hospital, Shri Guru Ram Rai Institute of Medical and Health Sciences with 150 MBBS seats & 98 PG (MD/MS) seats in all disciplines which makes it a centre of excellence for medical education, SGRRIM&HS, College of Nursing wherein the spiritual and biological aspects with modern technology are integrated, School of Pharmaceutical Sciences which is equipped with state of the art facilities to undertake research in drug development and delivery, School of Management with industry relevant academic inputs, School of Computer Application and Information Technology intended to provide a modern, industry oriented education in computer application, School of Basic & Applied Sciences which deals with advance Sciences such as Recombinant DNA technology, Microbiology, Biotechnology, School of Agricultural Sciences. SGRRIM&HS, College of Paramedical Sciences which is rated as the best college in Uttarakhand for its infrastructure, lab facilities and for the use of ultramodern equipments.

### Shri Guru Ram Rai University

(Established under Shri Guru Ram Rai Education Mission)

Shri Guru Ram Rai Education Mission was established to provide Quality Education and Quality Health Care to the people. The Mission is one of the largest Educational Organization in the country. Under the dynamic and visionary leadership of "Sajjada Nashin" of Shri Guru Ram Rai Darbar Sahib and Chairman of the Mission and Chancellor SGRR University, Shri Mahant Devendra Dass Ji Maharaj. All the constituent colleges are known as epitome of excellence in academics while Shri Mahant Indires Hospital is synonym of "Quality Health Care". The work being done by the Mission has been well recognized at National & International level.

It is logical culmination of years of eminence that Shri Guru Ram Rai University has been constituted by incorporating institutions of higher & professional education under the aegis of Shri Guru Ram Rai Education Mission.

**"Education is the passport to the future,  
for tomorrow belongs to  
those who prepare for it today."**

**- Malcolm X**

## From the desk of **Chancellor**

At the outset, I would like to extend hearty welcome to all the new comers in the Shri Guru Ram Rai University, with unparalleled legacy of more than 70 years in Education, Medical Education and Health Care. The University offers an all inclusive ambience to the learners in consonance with its motto, "Quest for Excellence" which truly depicts our consistent efforts in pursuit of excellence to keep pace with the trend of global learning.

The University strives to provide quality education with innovative research, effective communication, use of technology in the teaching learning transactions. Over the years, it has been our deep and rich value system that has made Shri Guru Ram Rai University synonymous with quality education.

The University has a proud accomplishment of evolving efficient, confident and highly knowledgeable, Scholars/Teachers, Scientists, Bureaucrats, Technocrats, Doctors, Army Officers, Computer Engineers, Managers, Pharmacists and Entrepreneurs with global thinking & a futuristic mindset with a strong adherence to corporate ethics thus contributing to nation building in a significant manner.

In the 21st Century, persons with new ideas - rule the world, truly, knowledge is the power. A knowledgeable person is respected everywhere. It is rightly said -

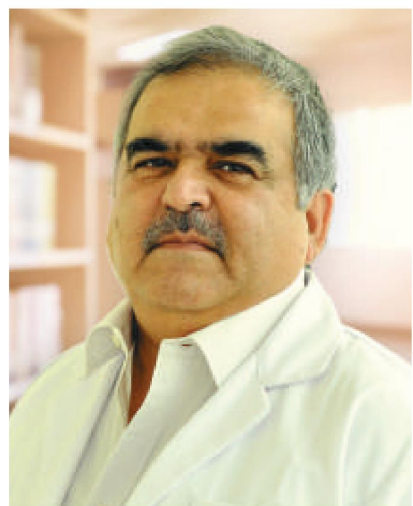

**"स्वदेशे पूज्यते राजा, विद्वान सर्वत्र पूज्यते"**

The University provides state-of-the-art infrastructure, all the laboratories with Modern & Sophisticated equipments and conducive & congenial atmosphere for learning and research work. Here Original thinking, creativity and propagation of new ideas are always encouraged. The university provides education/professional education in all the discipline through its ten constituent schools/colleges, it provides unique opportunities to the learners for multidisciplinary study. It should be endeavours of all the stakeholders to make the university a temple of learning where each and every moment is utilized in pursuit of knowledge.

With Best Wishes

**(Shri Mahant Devendra Dass Ji Maharaj)**  
Chancellor - SGRR University

**"The end of all education is character."**

**-Swami Vivekananda**

From the desk of

# Vice Chancellor

Dear students

As Vice Chancellor of this esteemed university, it is my pleasure to welcome you to the Shri Guru Rai University (SGRRU) and to the exciting journey of higher education.

I am humbled to join as a Vice Chancellor at the SGRRU. I express my profound gratitude to the SGRRU community for working as a team to ensure that it becomes a leading, innovative, entrepreneurial, and technologically driven world class university. The university today holds the torch of illumination, giving shape to ideas and fostering innovation. SGRRU envisions itself as an institution of global standing, which fosters development of professionally competent talent and contributes to nation building. We understand that the decision to pursue higher education is a significant investment in your future. At our university, we are committed to providing you with an exceptional academic experience that will challenge and inspire you to reach your full potential. We pride ourselves in providing environment that fosters academic and personal growth and world-class education that is affordable and accessible. We offer a range of financial aid programs, scholarships, and grants to support our students.

SGRRU made a modest beginning in the year 1952 by the parent body of Shri Guru Rai Darbar Sahib. Since its inception, in the last 70 years it has worked tirelessly to bring to life its founder's core philosophy: 'to deliver education and health care for the betterment of mankind'. One man's vision led to the creation of an institution that has today changed thousands of lives, developed countless communication building.

"Education is the most powerful weapon which you can use to change the world." – Nelson Mandela.

As an educational institution, we not only have a responsibility towards our state, but to the entire country. Most states collapse as a result of low level of education. Our vision is to educate more and more students, so that our country becomes more progressive and technologically developed. We want to tap the potential of this region and help the children realize their strengths and capabilities. Realizing our commitment to the people of this region we have decided to give admission to students at any point in their career to use education to further improve their prospects and brighten their future.

"Genius without education is like silver in the mine", these words of Benjamin Franklin are so true. Just like that, it's the teachers who polish their students by inspiring and empowering them to shine and succeed in every aspect of their life. Behind every successful man lies the lessons, efforts and guidance of teachers

who equip their students with all the knowledge and skills to enter the real world. Now when I look back, I still remember all my teachers whom I saw as my role models, my mentors. I attribute all my achievements, accomplishments to the teachers who taught me at different levels.

As a student at our university, you will have access to a wide range of programs and resources that will enrich your educational experience. From academic advising to career services, our dedicated staff is here to support and guide you throughout your journey.

We encourage you to take advantage of the many opportunities available to you, including clubs and organizations, research opportunities, internships, and community service projects. These experiences will help you develop new skills, broaden your perspectives, and prepare you for a successful and fulfilling career.

Our vision is to be recognized for high quality academic programs and research, the excellent faculty, and the state of the art facilities that we provide to our students. We are committed to giving our students an environment in which they develop critical and analytical thinking, problem solving skills. There is constant endeavor to bring holistic approach through multidisciplinary education. We don't compete with other universities but with ourselves in trying to do better constantly by improving the learning environment, encourage participation of students, building character of students, boosting confidence and self-esteem in them. In pursuance of the vision of continuing the formidable task of nation building, SGRRU has been making sincere efforts to promote excellence in education. SGRRU is more than just a university, it has become a movement that has transformed the lives of youngsters.

Our university values diversity, inclusivity, and equity. We strive to create a welcoming community that is reflective of our society's rich diversity, where all students feel safe and supported. We are committed to promoting an environment that nurtures critical thinking, collaboration, and open dialogue. In closing, I would like to again welcome you to our university and wish you a successful and fulfilling academic journey. I encourage you to take full advantage of the many opportunities available to you and to immerse yourself in all that our institution has to offer.

**Prof. (Dr.) Yashbir Dewan, M.S., M.Ch.**  
Vice Chancellor - SGRR University

**"Give a man a fish and you feed him  
for a day; teach a man to fish  
and you feed him for a lifetime."**

**- Maimonides**

## From the desk of **Registrar**

We have pleasure in welcoming you to Shri Guru Ram Rai University. The University is striving hard to have qualitative improvement in the areas of education, environment, and economy of this region. The university has a visionary mission to contribute in multidimensional growth and development of the region in general and holistic development of the students. We hope that the inspiring students, under the guidance of well qualified and dedicated teachers and a far-sighted leadership of the top administration would lead this University to a coveted and recognized position in the galaxy of higher education in the country.

Shri Guru Ram Rai University's aspiration is to be a world class centre of excellence in training, research, and innovation and personality development in cutting edge technologies. We are in the sincere process of creating a positive image whereby our name becomes synonymous with excellence, innovation, honour, integrity and outstanding quality and service. The University offers an array of subjects that cater to the capabilities of different individuals at various levels of education.

Our primary objective is to enrich and support the individual in his/her endeavour towards the attainment of knowledge and wisdom to apply that knowledge in coherence with the aims and ambitions of the individual in particular and for the greater good of human kind in general. Industries and renowned institutions are always welcome to collaborate for Research & Development activities with faculty members and research scholars.

I assure you best academic, administrative and research atmosphere in the campus.  
With Best wishes

**Dr. Ajay Kumar Khanduri**  
Registrar, Shri Guru Ram Rai University

# Why SGRR University?

SGRR University is committed to the ethos of SGRR education mission which focuses to impart excellence in education and research. Our holistic model of education has enabled us to be at the forefront of education. The university strives to provide the tools of unrelenting edification which helps to imbibe skills of creativity, nurture attitude of problem solving and leadership in its students. We instil critical thinking, intellectual growth and a passion of attaining excellence amongst the students. At SGRR University students are channelized and motivated to practically implement the principles learnt in classroom through experimentation in the laboratories, so that they inculcate skills and confidence to become a leader in the opted field.

What sets us apart ... ?

**Centrally Located Campus:** The SGRRU campus is centrally located and is very near to Railway Station and Bus stand. Local transport facility is readily available around the campus.

**Holistic Approach:** Our curriculum is designed by academic stalwarts and our class rooms are well equipped with state-of-the-art technology to deliver a 21st century teaching experience.

**Eminent Academician:** Sincere, committed, motivated and highly qualified faculty is the strength of SGRR University. Low faculty attrition rate speaks volume of university's healthy and cohesive ambience.

**Employability:** We take pride in making our students employable. The Training and Placement Cell at SGRR University bridges the gap between academic and corporate world by regularly organizing visits to industries & CSIR laboratories, conferences, seminars, workshops and guest lectures. Students are offered pre placement opportunities on the basis of their achievements in the summer training by various companies.

**Learning Resource Centre (LRC):** SGRR University has fully equipped libraries which cater to the need of students, faculties and research scholars. LRC is also equipped with numerous e-learning resources including WHO publications, NPTEL and access to e-journals of Science Direct, Emerald, Infilibnet, Delnetetc.

**Personality Grooming:** We focus on all round grooming of our students by repeatedly organising personality development sessions. A well equipped Language Laboratory conducts English Language Finishing Classes to make students English savvy and confident.

**Edge in Research Aptitude:** Stress on nurturing a research driven atmosphere, is evident by its publications in peer reviewed journals with good impact factors. Research projects, consultancy services, financial grants for participation to students and faculty in academic and research related platforms propel the research acumen in students and faculty alike.

Exceptional value to diverse community of students by guiding them to achieve their career aspirations through personalised, well supported and industry relevant learning opportunities makes SGRR University as the best selection to attain excellence.

# School of Paramedical Sciences

**Dr. Keerti Singh**  
Dean, School of  
Paramedical Sciences  
dean.spms@sgru.ac.in

School of Paramedical Sciences deals with pre-hospital emergency services. A person working in this field is called a Paramedic. The major work areas in the paramedical science are obstetrics, fracture management, spinal injury management, general incident scene and so on. With an increase in demand for skilled paramedics, various career opportunities have opened for young aspirants.

Like always, SGRR University, School of Paramedical Sciences never compromise on our quality of education and to maintain the same, we have hired trained and incredible faculties to shape the future of each and every aspirant.

The ultimate aim of the college is to prepare the admitted students into a highly skilled human resource in the area of medical teaching, research and health technology that not only get good employment but could in turn contribute in creation and enhancement of such a work force in the future.

The main objectives of SGRR School of Paramedical Sciences is to apply knowledge from physical, biological, and behavioral sciences, medicine including alternative systems and nursing in providing nursing care to individuals, families

and communities.

To demonstrate critical thinking skill and making decisions in all situations in order to provide quality care. Utilize the latest trends and technology in providing health care. Participate effectively as members of the health team in healthcare delivery system. Conduct need based research studies in various settings and utilize the research findings to improve the quality of care. Demonstrate awareness, interest, and contribute towards advancement of self and of the profession.

Presently our Hi-Class infrastructure is well equipped with modern facilities where we train students every year. Facilities like Library, Ultramodern Class Rooms, Play Ground, Modern Sports Kit, Cafeteria, Common Rooms for Boys and Girls are our salient features. We are supported by Medical & Radiological Labs with modern equipment like Auto analyzer, Elisa test, 3 Tesla MR1128, Slice CT Scan, Multi reader CR, Fully DR and OT equipments and many more in SGRRIM&HS.

***Approved by Uttarakhand Paramedical Council.***

# SGRR Paramedical College

**Shyam Lal Bagicha, Padampur (Sukrhow) Kotdwara**  
(A Constituent Unit of Shri Guru Ram Rai University, Dehradun)

Shri Guru Ram Rai Education Mission, Dehradun is a leading organization working with servitude in the field of education & health. The mission of the School of Nursing is to produce globally competent nursing graduates through integrated education that blends fundamentals, research and hands-on experience, state of the art facilities, effective delivery of high quality education by qualified faculty members, promoting the exchange of scholars and students within international and national academic and research institutions, thereby creating employment opportunities to young men and women in the profession of Nursing

As a part of its professional emphasis, the University provides an opportunity to gain practical work experience and clinical learning skills in Shri Mahant Indresh Hospital with a capacity of more than 1500 beds with well-equipped infrastructure, all modern equipments and treatment facilities.

**Approved by Indian Nursing Council, New Delhi, Uttarakhand Nurses and Midwives Council.**

# School of Education

**Prof. (Dr.) Malvika Kandpal**  
Dean  
School of Education  
dean.soe@sgru.ac.in

The School of Education had its origin in 2006 with the S.G.R.R. (P.G.) College affiliated to the National Council for Teacher Education (NCTE), the body that takes care of the quality of teacher training in India. Shri Guru Ram University came into existence, It become the constituent college of University.

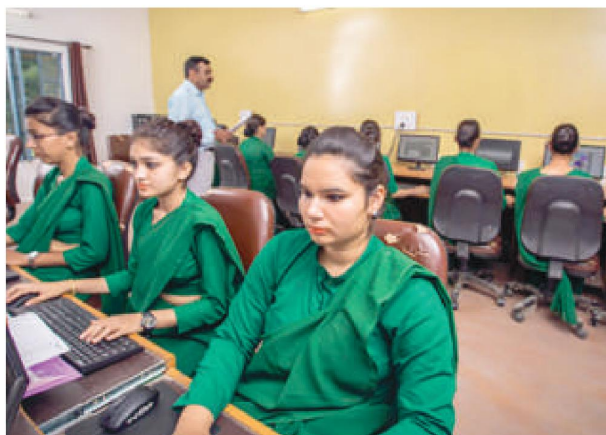

The School of Education sharpens the expertise and broaden the understanding to impart quality education. The School offers two years Bachelor of Education (B.Ed), Master of Education (M.Ed), Post Graduate in Guidance and Counselling (PGDGC), M.Phil in Education and Ph.D in Education.

The teaching programs involve not only practicing new ideas and concepts but also acquiring understanding and articulate the same. B.Ed program trains students so that

they become capable of teaching relevant subjects from the streams of science, arts and commerce. These courses will build a broad theoretical and practical understanding of the education sector for those aiming to enter in the field of education and wish to build a career in the field of education. It provides students with a range of skills that are needed in order to work and improve in global and multinational society.

The School has committed, competent, responsible and highly qualified faculty members as per the prescribed norms of the NCTE. The faculty has an excellent placement records with the majority of our student trainees being placed in the leading education institution and prestigious schools in government and private sectors.

**Approved by NCTE, New Delhi**

# School of Management & Commerce Studies

**Prof.(Dr.) Pooja Jain**

Dean  
SMCS, SGRRU  
dean.smcs@sgrru.ac.in

***"Education is not the learning of facts,  
but the training of the mind to think"***

**- Albert Einstein**

In recent years due to increase in the size and complexity of organizations, turbulent environment and growing responsibilities, the importance of management has increased tremendously in every walk of life. Management is the catalyst without which no individual or organization can survive and grow and this feature of management brands it as an ideal choice for anyone wanting to fast-track their career or learn more about the realities of the modern business world. Management education offers all necessary tools to equip an individual with necessary techniques to make their business a success.

The school of Management & Commerce Studies offers high quality education at undergraduate and post graduate level with a objective to build a generation of leaders and entrepreneurs. The school runs course of Ph.D, MBA, MBA(HA), M.Com, BBA, B.Com (H), B.Com and BHA for Management & Commerce students. The school differentiates itself from other Management Institutions by providing its student with a culture of innovation, creativity, strategic thinking, problem solving ability, team spirit. Our faculties work hard to add value to the pursuer of the course as individual and industry as a whole. The school aims to collaborate and benchmark its systems and process to match the best education in world. The University is associated with researchers and practitioners devoted to discover and establishing innovative ideas and managerial vision in their respective fields. Along with a focus on academic excellence, school lay a lot of stress on the holistic development of students in areas other than core academics, which is the need of the hour and keeping in mind the fast moving Corporate World.

# School of Computer Application and Information Technology

**Prof. (Dr.) Parul Goyal**  
Dean  
School of CA & IT  
dean.cait@sgru.ac.in

The School of Computer Application & Information Technology at SGRR University has been established to prepare competent IT professionals with sound technical knowledge, skills and innovative thinking. The School provides a flexible academic program to study the emerging disciplines of IT sector and tries to maintain higher technical standards with a working group of highly motivated, learned and experienced faculty. The school offers MCA, BCA, B.Sc(IT), B.Sc(H)CS and Ph.D. program to students from different streams with an objective to produce dynamic computer professionals with excellent managerial skills. The School has Software Development Cell (SDC) to inculcate project based learning, self learning and group learning and is solely managed by students. The school puts strong focus on practical learning and ensures interaction with experts through series of lectures, workshops, seminars and industrial visits. It prepares students for a computer-oriented career to keep up with the rapid technology advances.

# School of Pharmaceutical Science

School of Pharmaceutical Sciences, a pioneer in Pharmaceutical education with rich legacy of academic excellence and incredible achievements, offers an array of courses viz D. Pharm-2 years, B. Pharm-4 years, M. Pharm - 2 years in five specializations (Pharmacy Practice, Pharmaceutics, Pharmacology, Pharmaceutical Quality Assurance, and Pharmacognosy), Pharm. D - 6 years, Pharm. D (Post Baccalaureate) - 3 years and Ph.D. The School aims to provide quality pharmacy education to fulfill the requirements of pharmaceutical industry and health care needs of the society at large and achieve excellence in Pharmaceutical research. The School exemplifies student centered education, hands-on learning experience and holistic approach.

To meet the growing international demands, School carries a unique distinction being only in entire state of Uttarakhand offering Pharm. D, Pharm. D (PB) and M.Pharm (Pharmacy Practice) programs. The Pharm.D program at SGRRU gives a global edge to the students and enables the pharmacist to advise, consult, and help doctors in patient medication counseling. It is a six-year training based course wherein a student is exposed to actual pharmacy practice or clinical pharmacy services in hospital settings. Practical training is conducted at Shri Mahant Indiresht Hospital, a 1500 bedded super specialty tertiary care Hospital funded by the parent body of the School.

The School possesses modern and state-of-the-art infrastructure, highly qualified, dedicated and experienced faculty members, enriched library, information center and modular labs with high tech instruments.

***Approved by Pharmacy Council of India, New Delhi.***

# School of **Basic & Applied Science**

**Prof. (Dr.) Arun Kumar**  
Dean, School of Basic &  
Applied Sciences  
dean.sbas@sgru.ac.in

Science is a systematic way which involves objectives and experimentation in order to get knowledge and improve skills. New innovations in the field of science and technology play a great role in daily life of people and improving the quality of life. On one hand, life science industries have witnessed a boom due to an increase in process of invention, innovation and consumption while on the other, there is an upsurge in the demand of knowledge and professional skills to face the challenges and opportunities brought by the innovative mind. Our aim is to accomplish excellence in education with our undergraduate, postgraduate and doctoral programmes. The uniqueness of the School of Basic Applied Sciences is the eminent faculties who are active researchers representing the diverse area of modern biology. We also have a substantial research portfolio supported by well equipped laboratories to achieve and impart research excellence across this range.

The School of Basic & Applied Sciences has developed a teaching programme which focuses on the uniformity of principles of basic and advanced sciences in all living systems. Through emphasis on professionalism the various programmes provide an opportunity to the students for gaining practical work experience by interacting with pioneers of the field at different platforms. The School ensures that our students will learn in a newly developed learning process with lab oriented environment and research driven prospects.

The School of Basic & Applied Sciences ensures that you are leading and are being prepared as a skilled life sciences professional with plethora of opportunities.

# School of Humanities & Social Science

**Dr. Geeta Rawat**  
Dean, School of Humanities  
& Social Sciences  
dean.shss@sgrru.ac.in

School of Humanities and Social Science was established by the university with an idea to provide various courses to students having different background. The main aim of our school is to provide purposeful and value added directions with meaningful education in every subject. As Humanities and Social Sciences are the study of human behaviour and interaction in social, cultural, environmental, economic and political contexts so we focus to teach student in a manner so that the student, who joins our university for higher education, achieves academic excellence, moral values and practice oriented approach.

In the present competitive environment the courses provided by the school like Yoga, Language, Mass Communication, Social Sciences, Home Science, Music are equally important for the society like other courses, particularly Science, Management, Technology etc. Through studying Humanities and Social Sciences, students will develop the ability to question, think critically, solve problems, communicate effectively and adapt to change. The Humanities are foundational to both democratic society and a life of purpose, virtue and fulfilment.

At present, School of Humanities and Social Science is offering courses in fourteen departments at U.G. & P.G. level:-

- |                                  |                       |
|----------------------------------|-----------------------|
| 1. Mass. Communication           | 8. History            |
| 2. Social Science (MSW)          | 9. Music              |
| 3. Garhwali Language and Culture | 10. Political Science |
| 4. Home Science                  | 11. Statistics        |
| 5. Economics                     | 12. Hindi             |
| 6. English                       | 13. Psychology        |
| 7. Geography                     | 14. Defence study     |

# School of **Agricultural Science**

**Prof (Dr.) Priyanka Bankoti**

Dean

School of Agricultural Sciences  
dean.sas@sgru.ac.in

In the present scenario agriculture rank among the foremost professions charting the economic growth and destiny of the nation. The agriculture professionals are emphasized to achieve the agriculture knowledge through education, research and extension activities. The School of Agricultural Sciences is envisioned to be an academic and research institute of the global standards to evolve the best agricultural practices for the farming community through education and participatory research.

The School of Agricultural Sciences offers under graduate,

post graduate and Ph.D. programs in various fields of Agriculture and Horticulture. The School of Agricultural Sciences have more than 50 hectares of land for students practical work including practical crop production, orchards, poly houses, vermicomposting unit, mushroom production unit, seed production farm, high-tech nursery etc. to develop well-trained manpower for academics, agro based industry and extension oriented applications as recommended by the fifth Dean's committee guidelines of Indian Council of Agricultural Research (ICAR), New Delhi.

# School of Yogic Science and Naturopathy

**Prof. (Dr.) Sarswati Kala**  
Dean of yogic science  
& naturopathy

Yoga is a way of life that aids in spiritual exploration. A healthy body and a clear mind are prerequisites for the quest. The spiritual path has been travelled for thousands of years, and its practitioners have figured out how to make the body healthy and how to purify the mind. Yoga, which is primarily a practice that fosters spiritual growth, also provides greater physical and mental health as side effects. Spiritual development is not a topic that most people are as interested in as health and happiness. Yoga is not a system of medicine, but some aspects of it may be appropriate for use in a system of medicine.

The department was established in August 2018. Since then there has been a rapid growth in education quality as well as overall development of the students.

SGRR University is the only University that offers Bachelor's, Masters as well as PhD courses in Yogic science.

The department has been well established in a way that the students have participated in many districts as well as national competitions and won many prizes and every year the Yogic department is gaining positive grounds.

## **Vision:**

Vision was to reestablish the lost treasure of our Indian culture as well as the knowledge through the studies of ancient texts that contains the secrets and concept of modern theories and principles, through Yogic Science.

## **Objective:**

Yoga education can supplement school and university education. It can prepare the students physically and mentally for the integration of their physical, mental and spiritual faculties so that the students can become healthier, smarter and more integrated members of the society and of the nation.

## **School of Yogic Science and Naturopathy**

### **• Department of Yoga and Alternative Therapy**

- B.Sc. in Yogic Science
- M.Sc. in Yoga and Alternative Therapy
- Ph.D. in Yogic Science

### **• Department of Yoga and Naturopathy**

- M.A./M.Sc. in Yoga and Naturopathy
- M.A./M.Sc. in Human Consciousness and Yogic Science
- Ph.D. in Yogic Science

# Research

# Earn while you learn

## Student Ready Programme

**Mushroom cultivation unit & production**

**Hi tech poly house for off season cultivation of crops/vegetables**

The Student READY (Rural Entrepreneurship Awareness Development Yojana) programme incorporated by ICAR in to recent B.Sc. (Hons.) Agriculture curriculum aims to provide the students rural entrepreneurship awareness, practical experience in real-life situation and creating awareness to students about practical agriculture and allied sciences. Under this program, SGRR University focuses on grooming students outside the four corners of the classroom. "Earn while you learn" program is a novel initiative taken by the university to hone entrepreneurship skills and inculcate the spirit of hard work and toil in them in following areas of agriculture:

**Mushroom Cultivation:** A mushroom cultivation unit located inside the campus is maintained by the students. The School of Agricultural Sciences has a well equipped mushroom production and training centre. The unit provide hands-on training on the cultivation process of button mushroom, Oyster mushroom and Milky mushroom. Under the training following components like production of mushroom spawn, preparation of compost, spawning, casing and production of crop are covered. After getting training students are flourishing their carrier in mushroom cultivation as self entrepreneur.

**Vegetable Garden:** Many entrepreneurs are taking benefit of the large demand in city markets to make quick profits by farming vegetables. Around 30 different varieties of vegetables are maintained by the students under guidance of respective mentors in the university's agriculture field. The harvested vegetables are marketed by the students to

gain the exposure of agricultural corporate sector.

**Vermicomposting Unit:** Vermicomposting is increasingly being adopted by businesses institutions, farms and municipalities for managing organic waste. The unit is one of the leading choices of new start ups. Students are involved from maintaining the raw materials input to the final packed compost.

**Organic Farming:** In near future Uttarakhand state is going to become the Second Organic State of India. In this regard Shri Guru Ram Rai University has also taken an initiative to convert more than 16 hectare farm area of Agriculture department in to organic cultivation.

**Seed Production:** Seed production of agricultural crops is going on for students to know the techniques of seed production and testing. School of Agricultural Sciences is also producing seeds of pulse crops in collaboration with Pant Nagar University.

**Apiculture:** Apiculture or, Bee keeping is an economically sustainable occupation, offering attractive avenues for self employment with multiple benefits. At the same time, enhanced pollination by the bees make a manifold increase in the crop yield. Students are involved in conducting the field work and extraction methodology of it.

Production of farm inputs such as vermicompost, bio-pesticides, bio-fertilizers etc. required for organic farming is managed by Agriculture students under supervision of faculty members. We also train our student in other important cultivation practices for organic farming.

**Dairy Farm**

**Seed production**

**Field preparation for Experiments**

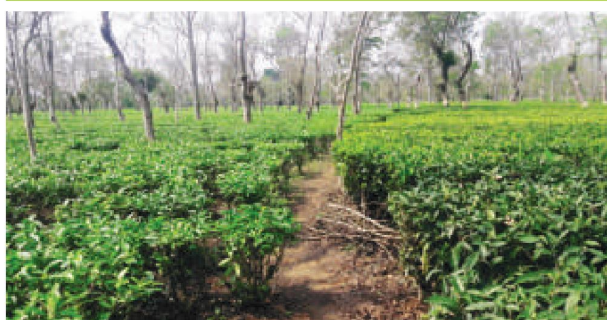

## Bio Pesticides and Bio Control

Biopesticides are potential alternatives to synthetic pesticides. Plants and microorganisms are the major sources of biopesticides due to high level of bioactive compounds available in them. The horticulture sector especially vegetable production has been adversely affected by the use of synthetic pesticides. In order to handle this difficult situation, School of Agricultural Sciences is playing key role in adopting & promoting organic farming to eliminate harmful synthetic chemical pesticides from our crop ecosystem that will benefit students and as well as farmers for safe and healthy vegetable production in future.

### Goodrich Tea Estate Vikas nagar, Dehradun:

The Doon Valley Tea is known for its distinctive aroma and medicinal properties, once very popular in Europe and Central Asia. Goodrich tea estate offers Green tea from its lush green garden spread over more than 303.5 ha in Vikas Nagar, Dehradun. It is processed as natural tea by Good rich tea estate and promoted by School of Agricultural Sciences. Organic certification process is under process as NPOP programme by USOCA. FSSAI State license is issued for manufacturing and processing of tea.

## Extension Activities

Students of B.Sc. (Hons.) Agriculture have to conduct survey in allotted villages based on questionnaire of different components of agriculture. This programme is an important component of course curriculum to acquaintance with agriculture and socioeconomic rural life.

Field day/Farmers Day organized by School of Agricultural Sciences for providing technical information and guidance to the farmers. Progressive farmers are also called for sharing their views with students so that they may be able to understand the real challenges and opportunities in agriculture.

# Facilities & Other Amenities

## Hospital Facilities

- Ultra Modern & Sophisticate diagnostic and therapeutic equipments.
- State-of-the-Art Central Molecular Research Laboratory (CMRL).
- Well equipped 24hrs Blood bank.
- Well equipped ICU, CCU, RICU, PICU & NICU.
- Emergency care & intensive care facility available round the clock.
- Modern operation Theatres & Radiology Department with MRI.

## Drug Information Center (DIC)

Drug Information center managed by School of Pharmaceutical Sciences at Shri Mahant Indires Hospital to disseminate the information on drugs and its safe use, a step towards providing better health care services and promoting rational use of drugs.

## ADR Monitoring Centre (AMC)

Adverse Drug Reaction Monitoring Centre (Pharmacovigilance Centre) under NPVPI, Govt. of India is attached to Shri Mahant Indires Hospital where the ADR data of drugs are collected and sent to National Co-ordinating Centre of Pharmacovigilance at IPC Ghaziabad through VIGIFLOW software. The same is further sent to Uppsala Monitoring Centre (UMC), Sweden.

## Herbal Garden

Self sufficient Herbal Garden having around 50 species of medicinal plants is available to provide students, an insight into the natural habitat of the plants, collection methods, identification techniques etc.

## Auditorium

For an educational institution an auditorium is not just a place for college events, or simply a meeting place, it is a space where students and scholars assemble- to celebrate, to debate, to discuss. SGRR University boasts of 3 air conditioned auditoriums and numerous seminar rooms that serve as a regular venue for workshops, conferences seminars and other co-curricular activities.

## Hostel

In many ways, hostel life defines the life of a student in campus and make them experience the life and socializing. A fully furnished hostel for girl students is available within campus providing all the amenities for comfortable stay and a very conducive environment for learning. A well maintained, hygienic mess facility is available round the clock.

## Cafeteria

Air-conditioned, modern, hygienic and spacious multi cuisine cafeterias with snacks counter catering to gastronomic delights of all, are the nerve centres of student fraternity.

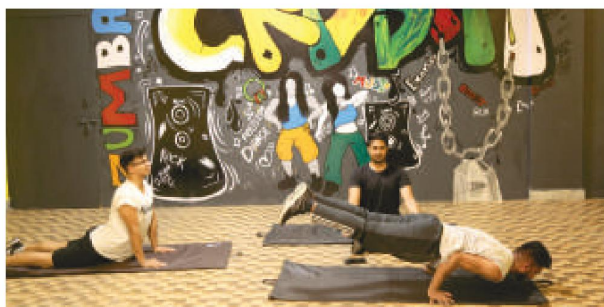

The cafeterias are managed & run by a highly professional & renowned catering agencies.

**Wi-fi fully**  
Network Campus

## Gymnasium

One of the finest tricks making sure you get your workout is to do it with a friend at the gym.

## Banking & ATM

To serve the banking needs of the students, extension ranch of Bank operates within the university campus. Along with this, for the convenience of the students, ATM facility is also provided within the campus.

## Transport

Fleet of buses is available for transportation needs of students and staff.

## Safety & Security

to ensure proper safety & security in the campus, a team of well trained guards and supervisors remains available round-the-clock within its premises. The University is under constant surveillance through hi-tech CCTV cameras. To face exigencies arising out of fire, modern fire fighting equipments are available.

## Animal House

SGRR University has an independent, modern, air-conditioned animal house facility & breeding centre with recognition from Committee for the Purpose of Control and Supervision of Experiments on Animals (CPCSEA) under the Ministry of Environment and Forest, Govt. of India. The animals are housed ethically in accordance with standard protocols and guidelines of Govt. of India.

# Learning **Resource Centre**

LRC- "A Centre that make every effort to help you succeed."

Whether you are first year student or a doctoral candidate, learning takes time. The learning resource centre at SGRRU provides information and reference services, circulation of print and non print resources, Computer & network services, audio visual equipments services, etc. Our libraries are the most important resources within our educational facility.

## **Central Library - I**

The central library-I located at first floor of School of Medical & Health Sciences caters to the need of students, faculty, researcher of School of M&HS, School of Paramedical Sciences and School of Nursing. In addition the school libraries support the teaching and extension programmes of the SGRRU. The Library is fully automated using "SOUL" (Software for university library) under command of N-LiST Centre, Ahmedabad, and well equipped with modern facilities and resources in the form of books, journals, back volume of journals, WHO publications, CD ROMs and internet services. The library strives to provide timely, accurate and current information, and also provides an appropriate and vibrant academic environment for the users.

## **Central Library - II**

The central library-II is located at first floor of SGRRU Patel Nagar campus. This central library has a huge collection of books, periodicals, magazines and supports the School of Management & Commerce Studies, Computer Application & Information Technology, Pharmaceutical Sciences, Basic & Applied Sciences. LSEase software is used to automate this central library. Library works on open access system. The competent and friendly officials in the library are available for assistance of any sorts.

### Central Library - III

The Central Library III comprises of School of Humanities & Social Sciences, School of Agricultural Sciences & School of Education. It is located at Pathribagh Campus and equipped with the latest edition of Books, Periodicals, Newspapers, Print Journals & Modern facilities with Internet access. It also provides physical & digital access to material automated with the KOHA Software. The library serves as the backbone of knowledge by providing accurate and current information to the students & support system to the faculty with friendly and competent staff. The library works in an open access system for reference & borrowing by providing a comfortable academic environment.

### e-learning Centres

The university has various e-learning centres in its constituent schools for fulfilling the concept of global village for the purpose of providing access to the latest and complete information with the help of 455 computer systems having internet connectivity along with reprographic facilities.

### Membership

- Micromedx Solution
- EBESCO MEDLINE HOST
- MEDLAR - Medical Literature Analysis Retrieval System
- DELNET
- INFLIBNET

### Books

Number of books available with Shri Guru Ram Rai University: Approx. 750282 Vol. & 5288 titles.

### Journals/Magazines/Newsletters

Current Journals	:	301
(140 Indian & 83 Foreign Journals)		
EBSCO Medline e-Journals	:	2205
e-Books	:	31,35,000
e-Journals	:	6000
Back Volume of Journals	:	618

# Collaborations & **MOU's**

In pursuit of excellence, the constituent Institutes of SGRR University have collaborated with various International and National Universities and Institutes. These collaborations expand the student experience, faculty growth, contributions and impact of our research.

Collaborations with our foreign colleagues are essential to the success of our global activities. Collaborations have been formalized through Agreements/MOU's that have documented our relationship with our partners and expectation of each Institute.

The SGRR University has signed a MoU with Himalayan University Consortium (HUC). The vision of the Himalayan

University Consortium (HUC) is to enhance collaboration among the universities and to generate high-quality knowledge, capacity, and skills for sustainable mountain development in the Hindu Kush Himalayan region. The Consortium was inceptioned by the participants of a consultation workshop on

'Mountain-focused University Consortium Development with Universities in the Greater Himalayan Region' held at the International Centre for Integrated Mountain Development (ICIMOD) in Kathmandu, Nepal. The moto of the consortium is to construct a dynamic mountain knowledge partnership among universities, ICIMOD, and regional member country partners to promote research and learning.

# Corporate **Resource Centre**

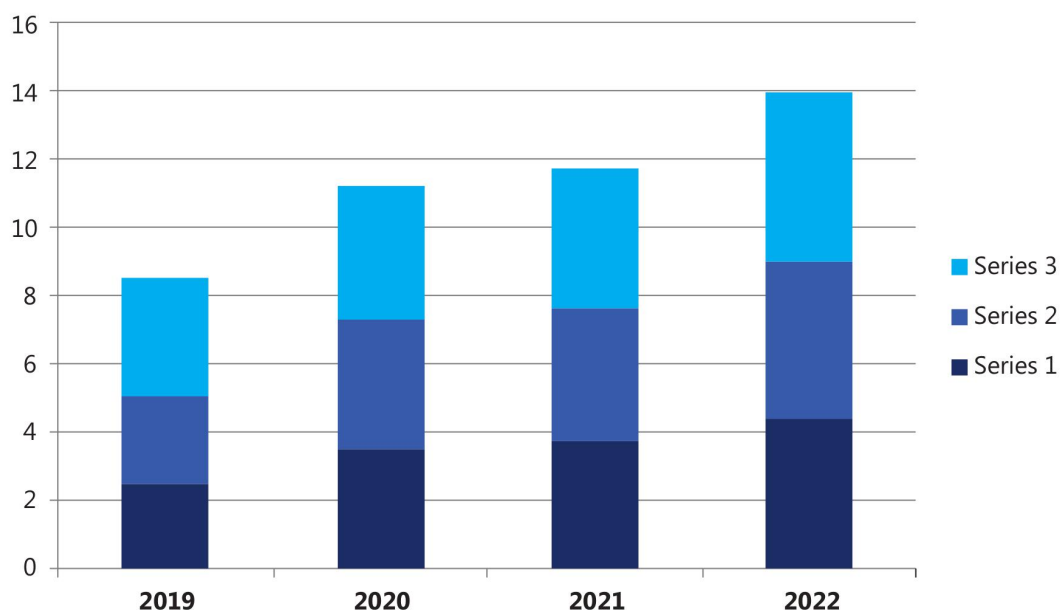

- SGRRU placement record has been excellent over the past years.
- The institute's graduates have been working successfully in different organizations throughout the country.
- The main endeavor of the centre is to get students placed in reputed multinationals, government organizations, the private sector, etc.
- It also acts as an interface between the industry and the students; and primarily enables the students to select from their career options.
- Our team has also been successful in conducting various seminars which include spokespersons from big corporate house that share their experiences with our students and enlighten them about the current conditions.
- It is our goal to make sure that our students are prepared for any recruitment or selection process and we have been very successfully doing so by achieving cent percent placement for the past few years.

*Corporate*

# Placement Trend 4 in Last 4 Years

## Final Hiring Program

This is a more routine process of recruitment for permanent positions. We all had witnessed pandemic in 2020, still our University was able to come up with record placements of various students in very good corporates. The campuses interview either physical or virtual was the part and participate

of the life of student in SGRRU. Companies like Crew Empowerment Solutions, Axis Bank, Reliance, Firstcry.com, Wipro, Cognizant, Digital Age Solutions etc. have successfully hired our students and the process is going on.

SCHOOL/COLLEGE	SCOPE
Medical and Health Sciences	Any hospital/ laboratory/ clinics across the globe/ entrepreneurship
Nursing	Any hospital across the globe

# General Information

- Registration forms along with information brochure can be obtained from [www.sgrru.ac.in](http://www.sgrru.ac.in) or from the University on payment of a prescribed fee (non refundable) in cash or demand draft in favour of Shri Guru Ram Rai University, Patel Nagar, Dehradun payable at Dehradun.
- Candidates wishing to receive the application form through post should send his/her request along with a prescribed fees.
- Candidates are advised to carefully check their own eligibility before applying for registration.
- All information given in the form must be correct and complete. Incorrect and misleading information is liable for cancellation of admission at any stage.
- Registration form duly completed must reach the University (Admission Cell) on or before the date mentioned in Admission Notice.
- If applying for more than one course, a separate form for each course has to be submitted duly filled.

## Points to be noted

- Student who fails to deposit the academic fee within given time will cease to be a regular student of the University. However re-admission can be granted on payment of Rs. 1000/- as re-admission fee subject to full filling the other criteria of University/AICTE/UGC/PCI/INC/MCI whatever applicable.
- Students seeking admission in hostel will have to apply at the time of admission separately. Hostel will be allotted on first come first serve basis. Annual fee and mess charges will have to be deposited at the time of admission.
- University without any prejudice reserves the right to change or delete any information, fee structure etc without prior notice.
- Any dispute will be subject to the jurisdiction of Dehradun District Court only.
- An Anti-Ragging undertaking has to be submitted by the Parents/ Guardians of students seeking admission in any programme of University.

## Refund Policy

S.No.	Percentage of Refund of Aggregate Semester Fees	Point of time when notice of withdrawal of admission is served
1.	100% (except non-refundable fee)	15 days before the commencement of classes.
2.	80% (except non-refundable fee)	Not more than 15 days after the commencement of classes.
3.	50% (except non-refundable fee)	More than 15 days but less than 30 days from the commencement of classes.
4.	0%	More than 30 days after the commencement of classes.

## Discipline

**Student's Grievance Redressal System:** The University has established a 'Student's Grievance Redressal Cell' which provides friendly mechanism to the students to report their grievances and the cell provides effective solution to the grievances as and when they are reported. This promotes friendly environment in the University by promoting Student-Student & Student- Staff relations.

**Internal Complaint Committee:** To evolve a permanent mechanism for the prevention and redressal of sexual harassment cases and other acts of gender based violence at the University. This committee ensure the implementation of the policy in letter and spirit through proper reporting of the complaints and their follow-up procedures. The committee create a secure physical and social environment to deter any act of sexual harassment and to promote a social and psychological environment to raise awareness on sexual harassment in its various forms.

**University Proctorial Board:** In order to maintain a cordial atmosphere in the University, the Proctorial Board has been set up which is the highest disciplinary authority of the University. The board helps students in solving any problems and also ensures that disciplinary rules are properly followed.

**Anti Ragging Committee:** Ragging is criminal offence and lowers the standards of education. In order to curb the menace

of ragging, the University has formulated an 'Anti Ragging Committee' which ensures that the campus is ragging free & it generates a high level of confidence with the new students & their parents & guardians.

**Pride and sense of belongingness:** All student will look upon themselves with pride and sense of belongingness to the SGRRU family with good conduct, discipline and maintain the decorum of the university.

All students shall follow code of conduct of the University: Use of alcoholic beverages, drugs, smoking, gambling possession of lethal weapon, anti- social activity, theft, property damage are all strictly forbidden in the campus of the university

**Use of cell phone:** Use of cell phone is strictly prohibited inside, class rooms, library, laboratories, computer lab, language lab, conference hall and during functions of the university.

**Valuables:** No students shall be in possession of any valuable or heavy cash amount while in the university campus. In case of any loss, it will be entirely individuals responsibility.

**Driving motorized vehicles:** Students driving two wheelers shall be in possession of valid driving license. Use of helmet is compulsory. Hostlers are not allowed four/two wheelers in the hostel.

**Dress Code:** Wearing of prescribed uniform by students is mandatory
