

REPORT ON WORLD KIDNEY DAY 2024:

"Kidney Health For All"

The annual observation of World Kidney Day, which took place on 14 March 2024, is a global initiative to raise awareness and encourage in the treatment of illness. Every year, millions of people die from renal disease, which is the leading cause of death globally. One of the most crucial elements of fighting against kidney that can help save lives, knows everything about the disease, how to prevent it, what are the preventions and how to diagnose it. As a result, the entire globe observes World Kidney Day as a means to attain this. The theme of 2024 is "**Kidney Health For All**".

On World Kidney Day, Department of Nephrology SGRRIM&HS Dehradun hosted the events to raise awareness begins with the riveting rally and skit, (role play) at Shri Mahant IndiresH Hospital performed by B. Sc. Nursing students with the surveillance by faculty. Additionally, they displayed educational posters, pamphlets encouraging patients and their families to take up fight against the kidney disease.

The Head of the Nephrology Department and a Nephro-specialist,

The program was started by lamp lighting and then invocation held, after that Dr. Yashbir Dewan stressed the importance of March 14th as World Kidney Day, a worldwide call to action designed to raise awareness and encourage preventative actions against the illness.

Dr. Alok Kumar & Dr. Vivek Rohilla underlined that early diagnosis techniques and preventive strategies are crucial in halting the unrelenting development of Nephrology. "kidney disease is not merely a diagnosis; it's a battle that demands unity, awareness, and action," the doctor said.

The students of SGRR Nursing College are bringing about a new chapter in the battle against Kidney disease by the rally and skit to inspiring hope and resilience in communities all over the world with their unwavering will and shared commitment to public health. Their efforts provide direction, showing the way toward a time when Kidney disease is not feared but rather defeated by teamwork and unflinching support.

Principal Nursing College, Dr. G. Ramalakshmi, Dr. Gaurav Shekhar Sharma, Urology team, Medicine department, Nephrology department, Paediatric department and staff of hospital were involved to motivate the clients and their relatives and students,

Prof. Rosaline.A, Prof. Sheeba philip , Mrs. Julia Massey , Mr. Ankit, Ms. Kanchan, Medical Surgical Nursing department of SGRRUCON, Dehradun, Uttarakhand, Faculty guided to the students in whole event to raise awareness of Kidney Disease and encourage prevention and early diagnosis.

The nursing students were involved in skit and also explained to the public by Rally.

A total of 50 patients visited in the auditorium and 80 students of B. Sc. Nursing & 20 faculty participated in the rally and they identified the program as effective and motivating.

Observing World Kidney Day to Honor Heroes

On March 14th, Shri Mahant Indires Hospital resisted the disease of Kidney Disease! With a stirring role play and educational posters, our Nursing College students took the stage to raise awareness to the community.

Appreciated to nursing faculties and staffs, who were honored for their exceptional contributions to the fight against Kidney Disease.

I would like to express my gratitude to the teachers, staff, and principal of SGRR Nursing College for their everlasting dedication!
Prof. G Ramalakshmi

We appreciate Vice-Principal Prof. Puneet Ohri's and the management of Shri Mahant IndiresH Hospital for their assistance.

The Chief Guest Dr. Alok Kumar & Dr. Vivek Rohilla and dignitaries distributed the prizes to the Nursing students for the skit. The programme was coordinated by Prof. Rosaline.A, Prof. Sheeba philip , Mrs. Julia Massey , Mr. Ankit, Ms. Kanchan
