

WORLD HEALTH DAY REPORT 2024

World Health day is observed on 7th April every year and this year also We, SGRR University, SGRRIM&HS College of Nursing observed WHO day on 6th April 2024 (because 7th April is Sunday) and organized some of the activity and programmes in our community area Brahmipuri.

On this day, Students of SGRR (Msc. Nursing 2nd year, M.sc Nursing 1st year, B.sc Nursing, GNM 2nd year, ANM 1st year) presented some of health activities and programmes, Students shared health awareness measures, and Play drama regarding importance of health.

Around 100's of public gathered there and we got good cooperation from the local people and authority, Society chairman Mr. Kaushalendra Singh has shared some view about our programme and he encouraged local people to help in conducting the programme successfully

The programme was started with the theme of the "MY HEALTH MY RIGHT" under the guidance of Community Health Nursing Department teachers namely Principal Dr.Ramalaksmi G, Mr. Renjith Thomas HOD community health nursing, Mrs Sarita Dasmana, Mrs Arti Negi, Mr Sojan Thomas and Ms.Anjali Negi. After that, M.sc nursing students gave health education on common diseases and their prevention, and mental health topic. Then the B.sc nursing student has done skit regarding the importance of health. After the skit. The health assessment of locals was done like BP, Blood sugar monitoring and weight checking. And the programme was concluded by general health message and vote of thanks which was given by Renjith Thomas, Associate Professor, HOD community health nursing.

Refreshment was distributed to the people
