Report of the Event

Introduction:

The **Training and Placement Department** of **Shri Guru Ram Rai University, Dehradun** successfully organized a **GEET Infosys Training Program** on **21st January 2025**, in association with **Learnnet Skills Ltd.** The training was designed as part of a larger **50-hour employability enhancement initiative** aimed at preparing students for industry roles, particularly focusing on IT and communication skills required by companies like Infosys.

This initiative falls under the **Government-Enabled Employability Training (GEET)** program, which is designed to bridge the employability gap among graduates through structured soft skills and technical training.

About Learnnet Skills Ltd:

Learnnet Skills Ltd is a national-level skilling organization committed to providing industry-oriented training programs across India. Through partnerships with corporates like Infosys, they conduct GEET programs with a focus on job readiness, professional communication, and technical aptitude.

Objective of the Program:

- To improve **communication skills, professional grooming, and technical aptitude** among students.
- To prepare students for job roles in **IT, BPO, and service industries**.
- To provide **pre-placement training** aligned with corporate expectations.
- To expose students to **real-world work culture** and improve their **problem-solving skills**.

Program Details:

- **Date:** 21st January, 2025
- **Duration:** 50 Hours (Program ongoing beyond the inaugural session)
- **Training Partner:** Learnnet Skills Ltd
- **Focus Areas:**
 - English communication and grammar
 - Group discussion and personal interview techniques
 - Logical reasoning and aptitude
 - Professional etiquette and workplace ethics
 - Overview of IT and corporate functions

The inaugural session on **January 21, 2025**, was marked by an orientation from Learnnet trainers who introduced students to the structure, timeline, and outcomes of the 50-hour training module. The session included an ice-breaking activity, motivational talk, and briefing on career opportunities available post-training.

Participation:

Students from the **School of Engineering & Technology, School of Management & Commerce Studies**, and other departments participated in the program. The Training and Placement Department received an overwhelming response with **over 100 students** registering for the program.

The students were enthusiastic and committed to upskilling themselves through the structured modules provided during the training.

Outcomes and Certification:

Upon successful completion of the 50-hour program, students will receive a **GEET Program Certificate** co-branded by **Learnnet Skills Ltd and Infosys**, which will add significant value to their career portfolios and enhance their placement opportunities.

Feedback and Impact:

The program was well received by the students who appreciated the interactive and practical approach of the trainers. Many participants shared that they gained confidence in communication and better understood corporate expectations from fresh graduates.

This training is expected to significantly contribute to the **placement success rate** of Shri Guru Ram Rai University students by preparing them for real-world challenges.

Acknowledgment:

The **Training and Placement Department** extends sincere thanks to **Learnnet Skills Ltd**, the team of professional trainers, and all university authorities for their support. Special appreciation goes to **Dr. Manisha Maiduly**, Placement Coordinator, for coordinating the event efficiently and motivating the students throughout.

Conclusion:

The **GEET Infosys Training Program** exemplifies Shri Guru Ram Rai University's commitment to providing students with **career-oriented learning and practical skills**. Such initiatives not only improve employability but also foster confidence, discipline, and professionalism among the youth.
