

# Innovation and Incubation Centre

## Shri Guru Ram Rai University

### Dehradun, Uttarakhand

**4<sup>th</sup> June 2026**

Participated in the **Bharat Startup Summit 2026**, organized by the **Chamber of Commerce & Industry of India (CCI India)** and held in **New Delhi**.

### **About the Summit**

As part of the summit, **five startups from SGRR University** showcased their innovative products and technologies:

1. **WeedShield Bio-Primer**
2. **Biopesticide-Based Vermiwash**
3. **Crop-Specific Vermicompost**
4. **Himalayan Natural Scrub Soap**
5. **Ultra-Guard Herbal Mosquito Repellent**

The summit brought together startup founders, investors, industry leaders, policymakers, academicians, researchers, and aspiring entrepreneurs from across the country to explore emerging business opportunities and discuss the future of India's innovation-driven economy.

Hosted at the prestigious **Yashobhoomi – India International Convention and Expo Centre**, the two-day event featured keynote addresses, expert panel discussions, startup pitching sessions, networking opportunities, and exhibitions showcasing cutting-edge products, technologies, and entrepreneurial solutions. Key themes of the summit included startup financing, digital transformation, artificial intelligence, sustainable entrepreneurship, MSME development, franchising, and market expansion.

The event served as an excellent platform for fostering collaboration between entrepreneurs, investors, mentors, and industry experts. Participants gained valuable insights into current market trends, government initiatives supporting startups, funding opportunities, and strategies for scaling innovative ventures. The summit also highlighted the pivotal role of startups in driving economic growth, employment generation, technological advancement, and sustainable development in India.

The participation of SGRR University and its startups provided significant exposure to industry stakeholders, facilitated meaningful networking opportunities, and demonstrated the University's commitment to promoting innovation, entrepreneurship, and the commercialization of research-based products.
