- **Challenges Faced (if any):**
- **Recommendations for Future Events:**

Submitted by:

Name & Signature of Club Coordinator: Dr. Papiya Sinha & Ms. Shaffi Khurrana

4.2. Website Report / Press Release

In a vibrant celebration of cultural diversity and linguistic heritage, students recently participated in an engaging event titled “Echoes of Culture: Exploring Traditional Sayings & Idioms.”

The event featured students presenting well-known sayings and idioms from languages such as Hindi and English, along with their meanings and cultural contexts. Expressions like “Actions speak louder than words” and “नाच ना जाने आँगन टेढ़ा” highlighted universal themes of accountability, self-awareness, and moral responsibility.

Participants actively engaged in discussions, comparing similarities across cultures and reflecting on how these sayings remain relevant in modern life. The event also encouraged students to explore their roots and appreciate the richness of linguistic diversity. The program concluded with a call to integrate cultural learning into everyday education, reinforcing the idea that language serves as a bridge connecting people across different traditions. Events like these continue to inspire students to value and preserve their cultural identities in an increasingly globalized world.

Headline: Echoes of Culture: Students Celebrate Diversity Through Traditional Sayings & Idioms

Sub-headline: Students share wisdom through idioms, fostering cultural awareness and unity in a vibrant educational exchange
