World TUBERCULOSIS Day is observed on March 24 each year to raise public awareness and understanding about one of the infectious diseases - Tuberculosis. As per the WHO report the incidence of TB in 2019 is 192/ 100000 population. India's TB incidence for the year 2021 is 210 per 100,000 population. The patients who are affected by TB will suffer physically, emotionally, socially, and economically. There is a need for creating awareness

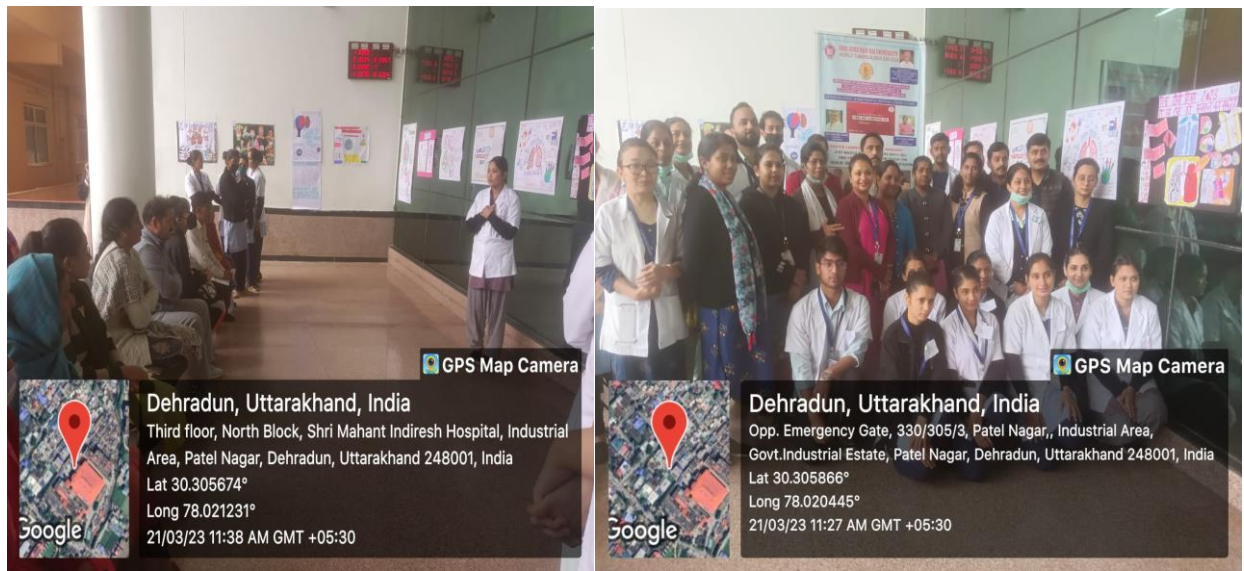

among the general public and health care professionals on tuberculosis management and its prevention.

In this regard, Shri Guru Ram Rai University, College of Nursing Dehradun, in collaboration with pulmonary medicine and community medicine organized world TB Day on 21 and 22 March 2023 based on the theme "YES! WE CAN END TB". The following activities were carried out.

DAY 1-POSTER PRESENTATION

On 21st March 2023. The program was encompassed with the introduction of the topic and theme for TB Day 2023 by Dr. Sanjeev Kumar (Professor, respiratory medicine & Nodal officer NTEP). Poster display and health education about the TB, its symptoms, diagnostic tests, treatment, and preventions were organized by the students of various departments. There were 11 participants for the poster competition. The posters were displayed at the reception area of Shri Mahant Indiresch Hospital Dehradun. Posters were judged by DR.G. RAMALAKSHMI, DR SANJEEV KUMAR, DR SHALKI MATTAS AND DR BEIGH . Health awareness provided by the students in front of a group of people in OPD area.
